#### Sheila Kar Health Foundation

Heart Disease and stroke are the leading causes of death in the United States  
and worldwide. Tragically, many of these deaths could have been prevented or delayed if more  
people were better educated about how to protect their own health.

The Sheila Kar Health Foundation is a non-profit, tax-exempt 501(c)3 organization (Tax ID  
20-425964) founded in 2007 to improve our community's health by promoting  
education on good health practices and disease prevention.

Sheila Kar, MD, FACP, FACC
