

Michael V. McConnell, MD, MSEE

Michael V. McConnell, MD, MSEE is Head of Cardiovascular Health Innovations at Verily Life Sciences and Professor of Cardiovascular Medicine at Stanford University School of Medicine (on partial leave). Dr. McConnell has clinical and research expertise in cardiovascular imaging, prevention, and mobile health. He led the Cardiovascular MRI program, the Preventive Cardiology Clinic, and the MyHeart Counts cardiovascular Health Research Kit study while at Stanford.

Dr. McConnell completed his BS and MS in EE/BioE at MIT, his MD at Stanford, and his Cardiovascular Medicine and Imaging Fellowships at Brigham and Women's Hospital/Harvard. He has been the PI of multiple grants from the NIH and AHA, and is a Fellow of the AHA and ACC. He serves on the AHA's Health Tech Advisory Board and is co-chair of AHA's 2030 Goal-Setting Task Force.
