

# CARDIOLOGY UPDATE 2018

## CONVENTIONAL WISDOM AND BEYOND

For Physicians & Healthcare Professionals Only

*To Support the Vision of the  
Lundquist Lurie Cardiovascular Institute*

This symposium is presented in collaboration with Torrance Memorial's  
Medical Staff and Advanced Practice Nurse Council.

### Friday, April 20, 2018

**Breakfast/Registration: 7:00 a.m. - 8:00 a.m.**

**Conference: 8:00 a.m. - 5:00 p.m.**

**Torrance Memorial Medical Center**

**Hoffman Health Conference Center**

**3315 Medical Center Drive, Torrance, CA 90505**

**Statement of Need:** Cardiovascular disease remains the leading cause of death worldwide and recognizing patients at risk is the key to early interventions and decreased morbidity and mortality. Please join us to hear Marc Gillinov, M.D., Thomas Heywood, M.D., Paul Teirstein, M.D. and other nationally renowned leaders in cardiovascular and metabolic diseases provide evidence-based information about new treatment guidelines and advancements in heart failure, cardiometabolic disorders/diabetes, valvular disease and coronary artery disease.

**Target Audience:** cardiologists, internists, family practitioners, endocrinologists, cardiac surgeons, electrophysiologists, emergency physicians, nurses and other healthcare professionals.

**Educational Objectives:** Upon completion of this program participants should be able to:

- Identify patients at risk for cardiovascular disease
- Be aware of cultural disparities associated with cardiovascular disease risk, including ethnicity, age, gender & smoking
- Select appropriate diagnostic tools & therapeutic options
- Improve patient care outcomes & quality of life
- Describe ways to prevent cardiovascular disease

Fees	Heart Month Special Discount February 2018	Beginning March 1, 2018
