

CVT CORNER

By Tracy Finegan, ACNP, AACC and Mary Schoenbaum, RN, ACNP-C, AACC

AWARD Banquet

Annual award banquet held at the beautiful Montage Hotel in Beverly Hills in November brought an award to our very own Julia Itsikson, RN, CNS as Cardiovascular Team Member of the Year. Julia is well deserving of this award dedicating herself to the field of Cardiology on the Heart Failure Team at Stanford University as well as the Northern California Liaison for the CVT Section of CA ACC. Congratulations to Julia!

Southern California 4th Annual CVT Symposium

Coming up very soon at the Westin in Pasadena. Friday, Feb 22nd. As usual there will be a variety of topics lead by local cardiology leaders in the Southern Ca area. NP's and MD's speaking on topics such as: Lipid management, Medical Management of the CAD patient, Updates in Electrophysiology, Cardiomechs, Mitraclip, Obesity and CAD, Diabetes and CAD to name a few. 6 CEU's and 2 Pharmacology hours. A special add on event the following day: Lunch at the world famous Magic Castle in Hollywood. Join us for a brunch and a magic show. Neither of these events you will want to miss.

Go to www.caacc.org to register and for more information. Hope to see you there.

ACC.19, New Orleans

Annual Scientific Sessions that will be held March 16-16, 2019 in New Orleans. This is always more than a conference-it is an experience. There you will have chance to hear the latest in cardiovascular science, innovations, research, practice updates and a chance to network with your colleagues from around the nation, not to mention the world. This is not something you want to miss out on.

To register and for more information: www.acc.org

Northern California Annual CVT Symposium

Held in the Fall in San Francisco. In its 12th year in 2019!

A wide range of topics, current updates and guidelines. 2018 event had over 90 attendees from the Bay Area as well as southern California colleagues.

A fabulous bonus program of wine tasting in the Napa/Sonoma area on the following day!

Watch for more information for this fall event on www.caacc.org

Your Professional Home

Access the ACC's hub where there is a host of free education activities that include free ceu credit! Podcasts, interactive patient cases, expert analysis, and discussion boards. Start earning the free CME/CNE/MOC credits today!

www.caacc.org currently has article posted for CVT members on: 'Evaluation and Long-Term Prognosis of New-Onset, Transient, and Persistent Anemia in Ambulatory Patients with Chronic Heart Failure.'

We hope you make the ACC your professional home. It is an excellent organization with many resources which will enhance your professional and personal growth.
