

## California ACC Cardiovascular

### Team (CVT) Annual Virtual Symposium \* October 23, 2021

**Our Mission:** To be the catalyst to transform cardiovascular care and improve heart health for Californians.

**Educational Goal:** This symposium is designed to provide attendees with an opportunity to familiarize themselves with basic mechanisms, clinical manifestations, diagnostic strategies, and management of pulmonary hypertension, heart failure, and anticoagulation therapies, as well as updates in lipid management.

**Learning Objectives:**

- Integrate guideline-directed medical therapy in the management of patients with pulmonary hypertension, heart failure, lipid management, and anticoagulation and thromboprophylaxis.
- Combine evidence from recent clinical trials in decision-making to enhance therapies aimed to reduce cardiovascular events.
- Systematically implement changes to promote patient outcomes, goal-oriented performance, and quality measures.
