California
CHAPTER
American College of Cardiology

ACC Mentorship Program - Summary

- **Purpose**: Provide residents, medical students, and pre-medical students more exposure to the field of cardiology and create a more diverse workforce
- **Overview**:
  - The mentorship emphasizes regularly scheduled meetings between mentor and mentee (whether in-person or zoom)
  - Expectation is to meet at least once ever 3 months
  - The process to pair a mentee and mentor but based on differing criteria including location, goals / interest of the mentee, etc.
- For other questions feel free to email: **ACCmentorshipprogram@gmail.com**
